The Monterey Vineyard®

CHARDONNAY

Chardonnay is one of the greatest white varietal grapes in the world. In Montrachet, it ranks as the aristocrat of French white wines; in coastal California it produces what is said to be America's finest dry white wine.

At The Monterey Vineyard, Chardonnay is one of the special white table wines we age in small European oak barrels which results in a richly complex, truly dry wine. The bouquet is reminiscent of white Sage, and this wine will improve with 2-4 years of bottle age from vintage date. Serve lightly chilled.
